### Safe Harbor Statement

#### **Forward-Looking Statements**

This presentation includes forward-looking statements within the meaning of the federal securities laws. Forward-looking statements generally relate to future events or our future financial or operating performance. Forward-looking statements in this presentation include, but are not limited to, the following: our estimates regarding Medicare membership; our expectations of Medicare Major Medical online application percentage and Medicare Advantage Plan member turnover rate; our expectations of revenue and margin leverage opportunities from the addition of work-from-home capabilities; and our guidance for the full year ending December 31, 2020, including our guidance for total revenue and revenue from our Medicare segment and our Individual, Family and Small Business segment, GAAP net income, Adjusted EBITDA, profit from our Medicare segment and our Individual, Family and Small Business segment, Corporate shared service expense, cash used in operations and cash used for capital expenditures, and GAAP net income per diluted share and non-GAAP net income per diluted share. Our expectations and beliefs regarding these matters may not materialize, and actual results in future periods are subject to risks and uncertainties that could cause actual results to differ materially from those projected. These risks include those set forth in our filings with the Securities and Exchange Commission, including our latest Form 10-Q and 10-K. The forward-looking statements in this presentation are based on information available to us as of today, and we disclaim any obligation to update any forward looking statements, except as required by law.

#### **Non-GAAP Information**

This presentation includes both GAAP and non-GAAP financial measures. The presentation of non-GAAP financial information is not intended to be considered in isolation or as a substitute for results prepared in accordance with GAAP. A reconciliation of the non-GAAP financial measures included in this presentation to the most directly comparable GAAP financial measures is available in the earnings release issued by eHealth, Inc. on April 23, 2020 announcing its first quarter 2020 results. Management uses both GAAP and non-GAAP information in evaluating and operating its business internally and as such has determined that it is important to provide this information to investors.

## Medicare Advantage Plan Revenue Recognition and Cash Collections

#### Step 1

#### Revenue Recognized

- At time of carrier enrollment approval using constrained lifetime value estimates
- We take an appropriately conservative approach
- LTV model was further enhanced with help independent national valuation expert
- in 4Q19

### Step 2

Cash Collected  Cash collected for new enrollments and for renewals

#### Step 4

#### Tail Revenue Recognized

 We recognize "tail revenue" when cash collection trends indicate a change to LTV estimates for previously approved members, including impact of any potential market or regulatory changes

### Step 3

LTV Estimates Updated  Refresh LTV estimates with latest cash collection data

Since adoption of ASC 606, our cash collections for Medicare Advantage plans have in general exceeded cash collections originally estimated under constrained LTVs

## An Appropriately Conservative Approach

#### Cash Flows Validate LTV Models and Processes

#### For Medicare Advantage:

- <u>96%</u> of monthly customer cohorts<sup>(1)</sup> have cash collections to date that <u>meet or exceed</u> our range of forecasted cash flows to date originally estimated under constrained LTVs<sup>(2)</sup>
- Total cash collections to date are ~9% higher than our range of forecasted cash flows to date originally estimated under constrained LTVs<sup>(2)</sup>
- Recognized ~\$60MM of tail revenue since beginning of 2019, or ~6% of total revenue since inception of the business in 2010

### National Accounting/Financial Experts Validate Revenue Recognition Processes

- Analytical and statistical models for determining LTVs and constraints were developed in consultation with external parties as part of our ASC 606 adoption and continue to be refined
- Policies further reviewed, documented, and validated with assistance of a "Big Four" accounting firm
- Recently, further refined analytics and modeling with work performed by independent national valuation expert
- Our financial statements are reviewed quarterly and audited annually
